It's time to change how we view a child's growth.

1 foot
- 12 months: says own name and address
- 13 to 18 months: attempts to please
- 19 to 23 months: counts out 10 or more objects
- 24 to 30 months: understands the different between fantasy and reality

2 feet
- 12 to 18 months: responds to simple verbal requests
- 18 to 24 months: uses simple gestures (such as waving “bye bye”)
- 24 to 30 months: imitates actions in play (claps when you clap)
- 36 to 47 months: responds when told “no”

3 feet
- 12 to 15 months: uses several single words
- 15 to 18 months: looks at an object when you point to it and tell him or her to “look!”
- 18 to 21 months: does simple pretend play (“talks” on a toy phone)
- 21 to 24 months: points to interesting objects
- 24 to 30 months: looks at an object when you point to it and tell him or her to “look!”

4 feet
